EUROPEAN SOCIETY OF OPHTHALMIC PLASTIC AND RECONSTRUCTIVE SURGERY: CHALLENGING CLINICAL CASES

Scientific Committee: Francesco Quaranta Leoni, Dion Paridaens, David Verity

save the date

Dear Colleagues,
As we all know, the COVID-19 pandemic has caused an unprecedented public health challenge, and we were forced to postpone our Annual Meeting a full year. Hopefully we will physically meet again in Naples in September 2021.
In the meantime, to serve our members and those interested in our teaching activities, we will hold several webinars on various topics relating to challenging cases in Oculoplastics, Lacrimal and Orbital Surgery: a live **ESOPRS Academy**. We will continue in 2021 if this initiative will be successful, hopefully with an input from all interested Members.
